

# Instructions presenter

## Before presentation

Hand-in three weeks before your presentation the following:

- Short title (max. 40 characters)
- Long title (can be the same)
- Abstract (at least 100 words)
  - o Gives a motivation behind the topic
  - o Describes what you are going to present
  - o Challenge the reader to raise up questions/discussion
- Illustrative picture (max. 1MB)
- Department and office number

## During presentation

The regulations for the presentation:

- The presentation is max. 15 min (around 10 slides)
- The presentation should contain in-depth explanation of your recent research focusing on relevance, ideas and novelty. It could also be about something else than your research, but covers (an opinion on) a topic related to academia (e.g. open science, diversity)
- The content should encourage people to ask questions and to start a discussion.
- No detailed description of results, derivation of analytic relations or basic knowledge derived from Bachelors.
